ARRIVAL OF DR. GAMMON.

The Second Presbyterian church supports two pastors, one here and one in Brazil. Their foreign pastor arrived in this city today and is the guest of Mr. and Mrs. A. G. Uhler, 202 north Washington street. Tomorrow at 11 a. m. and 7:30 o'clock p. m. Rev. Samuel E. Gammon, who for twenty years has represented the Pres. Church at Lavras, Brazil, will tell of the progress of the work that in land. Dr. Gammon has taken quite a prominent place in the forward movement along educational lines in Brazil, and has under his control several important schools. Out of these schools are going trained and educated Christians to be ministers and professional men all over the country. Dr. Gammon is a man of great personal magnetism and a pleasing speaker. Owing to the widespread interest in South America recently awakened by the lectures of Mr. John Barrett, many people of this city will gladly hear Dr. Gammon tomorrow. He speaks with authority. The public is cordially invited to both services.

FIRE LAST NIGHT.

Judging from the blowing of the whistles and the consequent excitement last night one would have thought that a look at the Southern Railway shops in this city this morning would have disclosed a heap of ashes. About 8:50 last night an alarm of fire was sounded and the report circulated that the shops were ablaze. Fortunately such was not the case and the damage was slight.

The fire was caused by friction from a pulley igniting a quantity of waste and grease. Four employees were in the shops at the time and but for this fact there might be a different story. They brought the line of hose, kept there for just such emergency, into action and soon had water playing on the flames, and the fire was practically over before the arrival of the fire department.

POLICE COURT ITEMS.

There were no cases for trial in the Police Court this morning. The case of the young woman who was charged with withholding money belonging to her former employer, set for today, did not come up, as the matter had been settled.

Mr. John Eastwell reported to police headquarters that a wheelbarrow was stolen from the front of his premises last night.

A colored man named Hopkins, who lives on Queen street, between Columbus and Alfred, reports that while on his way home Thursday night he was held up by a negro on the corner of Cameron and Queen streets. Hopkins ran and escaped the footpad.

BROTHERHOOD OF RAILWAY TRAINMEN.

Robert E. Lee Lodge, No. 418, will celebrate the twenty-fifth anniversary of the organization of the Brotherhood of Railway Trainmen at the Opera House on Sunday afternoon, September 27, at 3 o'clock. Hon. C. C. Carlin will make the address. The public is cordially invited. A large attendance on the part of union men is especially desired.

PROPERTY CHANGING HANDS.

The old Lebanon property, in Loudoun valley, Fairfax county, containing 360 acres near Gunston, which was bought by Mr. W. A. J. Dunn, of Iowa, some time ago, has been sold to a Mr. L. P. Latham, of Delaware, for \$9,000. Considerable property is changing hands in this section.

LYNNHAVEN BAY OYSTERS.

BAPTIST CHURCH.

The membership of the First Baptist Church will, on Monday evening, formally welcome Rev. W. F. Watson to the pastorate of the church. Owing to the fact that a large number of the members have been absent from the city on vacation, a formal welcome has been delayed. An excellent programme of music and addresses will be carried out.

The various clergymen of the city will participate. Rev. Charles D. Bulla, of the M. E. Church South, will speak on behalf of the ministerial conference of this city. Rev. C. P. Stealey will speak on behalf of the ministerial conference of Washington, with which the pastor is connected. Judge C. E. Nicol will speak on behalf of the Baptist Potomac Association. Mr. Adam Martin will welcome the pastor on behalf of the church, the Sunday school and the church auxiliaries. To the several addresses the pastor will respond.

On tomorrow Rev. W. F. Watson will have for his subjects, "At the morning service—'A Good Man Without Influence.'" At the evening service—"Now; cot by and by."

FEW EQUAL—NONE SURPASS.

It has been the policy of the Gazette to stand by its patrons in the business world and it does not intend to deviate from this custom. In the last few months it has mentioned nearly all of the various business enterprises represented in its columns except the house furnishing department of M. Ruben & Sons. This establishment's business may need no encomium from this paper, as its growth in the last few years speaks in loud tones of its success than mere words. All of the people of the city know Ruben and the way they know is because of direct contact with him in a business way. "Lep" Ruben is calculated to do business, even on a barren island, but when surrounded by people who know and appreciate the man it is more than probable he will retire from the furniture field very soon with money to scramble by virtue of close attention to business.

No house in this section keeps a better assortment of house furnishings, no man who attempts to sell has a better or more congenial personality than Mr. Leopold Ruben, of the firm of M. Ruben & Sons. An inspection of his handsome store will prove what this article says.

There was another fine display of country produce in market this morning. Prices in the main had undergone no material change from those prevailing last Saturday. Lima beans were plentiful and prices were weaker. Some fresh pork was on the benches of country people. It brought 15 cents for hind quarters and 14 for fore. There was a profusion of flowers.

THE MARKET.

Although no formal decision has been reached, the Southern Railway is considering the advisability of using the telephone instead of the telegraph as a means of keeping track of its trains and for the transmission of train orders.

"We are anxious to use any device which will add to the efficiency of the service," said the general superintendent. "But the question of using the telephone has not been finally agreed upon." The experiment has been tried on many lines with satisfactory results.

CHARTER.

The Corporation Commission has granted a charter to the Eastern Land and Timber Corporation, Alexandria, J. L. White, president, Washington, D. C.; L. O. Bailey, vice-president, Alexandria; Charles Mathieson, secretary and treasurer, Washington, D. C. Capital, maximum, \$50,000; minimum, \$5,000. Objects, land and timber business.

NARROW ESCAPE.

Miss Nellie Baker, daughter of Mr. Herbert Baker, was walking down King street last night about 8:30 o'clock, and with her she had a young child. One of the children who coast on this hill with a wagon ran into her and Miss Baker fell to the ground badly jarred. The child, fortunately, escaped unhurt. The practice of people skating down the hill has been mentioned in the Gazette quite frequently.

THROWN FROM BUGGY.

Dr. Walter A. Warfield was thrown from his buggy yesterday afternoon about 4 o'clock at the corner of First and Columbus streets. The horse was frightened by an engine which was shuffling on the tracks near the Potomac Brewery. One of the doctor's limbs was lacerated and he was otherwise slightly bruised. The horse and buggy were stopped at the corner of King and Columbus streets.

ASKS FOR MEETING.

It is reported that many of the stockholders of the Alexandria Home Fire Insurance Company have asked the board of directors of said company to call a meeting at an early date and make a distribution of the present surplus on hand, and carry out the wishes of the stockholders to wind up the affairs of said association.

TESTED UNDER CHIEF'S ORDERS.

The fire drill at the Opera House was tested this morning under the eye of Chief Petty, of the fire department. Everything worked satisfactorily and judging from the way the hose was handled there will be no danger from fire at that house.

THREE NEW HOUSES.

Old Dominion Commandery No. 11, K. T., was inspected last night by V. E. S. W. B. McChesney, Grand Captain General of the Grand Commandery of Virginia, and the members were complimented by the inspector on their appearance and the number present. After inspection the annual election of officers took place with the following result: Eminent Commander, H. Hammond; Generalissimo, G. M. Myers; Captain General, T. B. Cochran; Senior Warden, M. L. Diawiddle; Junior Warden, F. W. Latham; Treasurer, E. Warfield; Recorder, A. G. Uhler; the appointment of sentinel, prelate, sword-bearer, standard-bearer, warder 1st, 2nd and 3rd guards was postponed until next convocation. After the commandery closed the members repaired to the dining room of the Hotel Rammel, where oysters were served.

Mr. Ignatius Stoutenburgh, of this city, who was in the neighborhood at the time, mounted a horse and rode to this city to summon a physician. On King street, near Columbus, the horse slipped and fell. Mr. Stoutenburgh's right leg was broken by the accident.

He was removed to the office of Dr. T. B. Cochran, where Dr. Snowden and Gibson rendered surgical attention. He was later removed to his home, southwest corner of Prince and Lee streets.

The Cholera. St. Petersburg, Sept. 19.—Danger of Asiatic cholera over all of Europe was increased today by the appearance of the disease in Finland, where a number of cases are reported. The Scandinavian countries are thoroughly alarmed at the appearance of the disease and are seeking to establish the most rigid quarantine possible. The advent of colder weather in the Russian capital, which was looked forward to be in the hope that it would check the cholera, has apparently only added to the scourge and today more cases were reported than on any other day.
